**Hey Parents! This week we studied Jesus' childhood. He was prepared by God throughout His childhood for the important job ahead of Him. God wants to do important things in our lives too. Take some time to review the following questions this week with your child.**

- 1. What do you want to be when you grow up?**
- 2. What did Jesus do when He grew up?**
- 3. What might God want you to be when you grow up?**
